DESCRIPTION:

Anfield House is an extremely spacious, architect-designed family home, built approximately 10 years ago. The property was designed and finished by its current owners to an exceptionally high standard, featuring hotel-style bathrooms and a large, modern white-fitted kitchen contrasted with striking black floor tiles for a dramatic effect. Boasting an impressive floor area of 345 m², Anfield House offers large, well-proportioned rooms throughout. The open, vaulted entrance hall creates a stunning first impression and leads seamlessly into the main living spaces, where the living room, dining room, and kitchen flow effortlessly together. Additional ground floor features include a large utility room and a gardener's WC. A particular highlight on the ground floor is the spacious bedroom with its own luxurious shower room — perfect for guests or multi-generational living.

Upstairs, there are three further bedrooms, including a magnificent master suite with a Juliet balcony, walk-in wardrobe, and en-suite bathroom. A beautifully designed family bathroom completes the first floor, offering a perfect space for relaxation. Viewing is highly recommended to fully appreciate the exceptional space, design, and finish of this remarkable property.

EXTERNALLY:

Anfield House is set in around a third of an acre of meticulously maintained garden grounds. The current owners have lovingly cultivated the garden, and it is evident that it is developing beautifully. Cherry Laurel hedges, carefully planted, are steadily growing and will ultimately enhance the property's privacy all year round. A large gravel driveway leads up to the entrance, offering ample parking to the front and side, along with a spacious garden shed / workshop. The lush green garden, with its well-planted borders and thoughtfully designed cut-out areas, is a vibrant array of colour and life.

SERVICES:

Mains electricity, gas and water. Septic tank drainage. Underfloor heating in all the bathrooms, kitchen, utility and dining room.
